ib Diploma Programme

OUR HERITAGE

In 1969, Parmeshwari Devi Gordhandas Garodia set up a small school with seven students in a garage in the newly developing neighborhood of Garodia Nagar. The vision was to create an English medium school, serving the community. Growing into a major provider of education (including a specialist Music and Sports College, alongside ICSE and Pre-Showns), and with over 3000 students, the new state of the art campus: the Garodia International Centre for Learning Mumbai (GICLM) was opened in 2017 as the latest development of Garodia Education group. After establishing its international credibility since 2007 with the International Primary Curriculum, Cambridge and International Baccalaureate programmes, the new facility provides a world class environment and education for its students.

OUR GUIDING PRINCIPLES

- To enable all students to realize their potential and dreams in the fields of academics, art & play
- To provide a safe, caring, stimulating and innovative learning environment that embrace all community members as active partners.
- To provide a Values Education that enables students to develop a sense of respect, compassion and equality, and a sense of social responsibility.
- To maintain a strong commitment to community service and learning, celebrating our diversity, and developing respect for the environment.
- To enable students to become lifelong partners and responsible citizen in the future.

Early Years: Garodia FinlandWay

GARODIA
FinlandWay®
BETTER BEGINNINGS

Garodia International School (GiCLM) has partnered with FinlandWay Schools to bring the World's best early education to India for the first time. The programme is based on the Finnish Early Childhood Education and Care (ECFE) model, and provides holistic learning experiences through:

- Play-based pedagogy
- Phenomenon-based pedagogy
- Participatory pedagogy

Primary School: IPC & CP (Grades 1 - 5)

ipc international primary curriculum

Cambridge Assessment International Education
Cambridge International School

Learners excel in the exciting and challenging lessons of Primary. TheIPC is an advanced international programme that enables students to be active learners, combining both skills and knowledge to express their creativity and ideas. The CP Maths and English is integrated with the IPC to provide a balance and framework needed for a strong academic foundation. A rigorous and enriched curriculum is offered with lessons in the LEGO lab, the leaning of Mandarin, French or German, Performing Arts, Art and Physical Education. Children are monitored and supported daily to achieve reading and learning alongside personal goals.

Secondary School: Cambridge Curriculum (Grades 6 - 10)

Cambridge Assessment International Education

Cambridge International School

Garodia International School (GiCLM) has partnered with FinlandWay Schools to bring the World's best early education to India for the first time. The programme is based on the Finnish Early Childhood Education and Care (ECFE) model, and provides holistic learning experiences through:

Core Subjects

Maths, English Sciences (Biology, Chemistry, Physics)

Additional Subjects

Social Science	Languages	Creatives
History, Geography, Accounts, Economics and Business	Mandarin, Hindi, French & German Offered.	PE, Art, Music, Drama, ICT

The Cambridge Checkpoint is taken to ensure tracking of student's achievement and progress. A personal, Social, Health and Careers Curriculum, Entrepreneurial and Lego Laboratory STEAM curriculum is central to the curriculum. All students engage in a Service Learning Programme to fulfill our Mission Statements and make a contribution to Indian society.

The pre-university programme for 16-19 year olds is the acclaimed Diploma programme: Designed for highly motivated students, it offers a genuine international curriculum with high-quality assessments. Universities recognize that IB students have advanced skills and knowledge and so they gain access to the very best institutions worldwide. The Diploma consists of six subject groups. Three of these must be followed at Higher Level (HL) and the rest at Standard Level (SL). Students follow a common core of Theory of Knowledge (TOK), write an Extended Essay of 4,000 words related to their academic interests and participate in Creativity, Action and Service (CAS), making a difference to the communities in which we live.

Academic Highlights

- 100% pass rates achieved for IB examinations
- Excellent record of university acceptance
- Garodia students achieving the top scores in IGCSE examinations nationally for Accounting 93 Gold Medals 2014-177), Mathematics, Chemistry
- Prize winners at International School Amby Spanish- French competitions in singing, creative writing and poetry
- Silver medals awarded for Young Scientist national competition
- Students awarded scholarships for Duke ASSET University summer camp USA
- Two students German as a foreign language won scholarships for summer camps in Germany through the Max Mueller Institute
- Special MOU recognition given to Garodia for selective entrance by Trine University, USA
- Five Garodia teachers selected as IB examiners internationally; one appointed as International IB Consultant to Schools, Seniors Examiners and School Verification team Leader
- Our Head of School is a Keynote speaker at the Indian IB Schools Conference on 21st Century Leaning

International Connections

GICLIM's connections are deep & wide-ranging offering both a unique learning experience and future opportunities:

- **PASCH Programme:** A special relationship with the GOETHE Institute enables our students to attend special camps in Germany, receive extra training and access to German universities.

- **Keiser University:** GIC in partnership with Keiser University, offers American Degree Programme at its campus in Mumbai. We have had a strong association with Broward college in the past ensuring successful transfer rate for our students.

- **Montgomery Bell International Symposium:** This brings together the world's top schools to discuss issues of global importance. Our students, who are the only student representatives from India, are articulate participants at this meet. This year in Japan.

Community Highlights

- **The Dignity Walk** A rally for differently-abled children to enhance their social acceptance and improve their welfare.
- **Teaching with the Angel Foundation** to teach children in a shanty school.
- **Fund raising** for special children on the **Awhan Project** through handicraft productions.
- **Establishing the RAKC club** to empower physically challenged youth through educational projects.
- **The Dehna Village projects,** where students made an awareness raising film about rural life.
