Dear Parents and students

### **Opportunity for Advanced Study**

Firstly, may I wish you and your families all the very best and hope that under the current circumstances that you are staying safe and well. The national lockdown has presented many challenges, not least the cancellation of some Indian and International examinations for May/June.

I would like to formally communicate an opportunity for all students during this period of home stay that I think you might very well be interested in:

We would like to announce our **Special Pre IBDP Course**.

We see a real opportunity to run a Pre-IBDP course online for all students. The staff are busy creating a course that will give students an advanced introduction and lessons to begin their IB programme almost immediately. This is a bonus that we have not been able to do previously and will give an advantage to their studies. Details of this will be sent next week so be ready to utilise that time everyone now has at home to give you a head start.

This is available for NO COST to all students. It is our responsibility to the community at this time to offer this to our Garodia family whether you are looking at an IB programme or not. It will improve your academic skills and thinking for sure and give you a real advantage.

If you are interested in signing up for this opportunity, please reply to this email or contact the course organiser: [sushmita@giclm.edu.in](mailto:sushmita@giclm.edu.in)

The Leadership Team and myself are available throughout this period to conduct any discussions over the internet and answer any questions that you may have. Please do not hesitate to contact us.

Continuing best wishes and safe lives to all families.

Yours Faithfully

Head of School, Garodia International Centre for Learning, Mumbai
